- ◆ Cloud Computing & Infrastructure
- ◆ Project Management & Business Analysis

- ◆ Executive Administration
- ◆ Business Intelligence & Data Analytics
- ◆ IT Consulting & Training Services
- ◆ IT Support & Network Administration
- ◆ IT Governance & Compliance
- ◆ Systems Integration & API Development

DIFFERENTIATORS

- ◆ **In-Depth Federal Contracting Insight:** over 18 years delivering technical solutions aligned with federal standards.
- ◆ **Security Clearance:** cleared to manage sensitive government data with secure handling practices and compliance practices.
- ◆ **Scalable Solutions:** developed custom software that adapts to client's evolving business needs.
- ◆ **Advanced Technical Expertise:** innovative solutions using AI, Machine Learning, Agile methodologies, and emerging technologies.
- ◆ **User-Centric Design:** delivers intuitive and engaging UI/UX application experiences.
- ◆ **Rapid Delivery and Competitive Pricing:** faster development and cost-effective.
- ◆ **Flexible, Language Agnostic:** builds custom applications across platforms, ensuring client-specific performance and cross-system compatibility.
- ◆ **All-in-One Service Delivery:** end-to-end solutions from concept to maintenance, ensuring seamless integration and reducing vendor dependency.
- ◆ **Diverse, Skilled Workforce:** multidisciplinary professionals with diverse expertise, enhancing development quality and innovative problem solving.
- ◆ **Project Management and Leadership:** Proven success in leading and delivering complex IT projects for federal and private agencies.

PAST PERFORMANCE

(Personal Contracting Highlights in various Federal agencies)

- ◆ **FDA/OGD:** Developed Teams and Communications sites, News pages and collaborative sites tailored to office needs.
- ◆ **Peer Recognition Award:** Modernized a manual PDF-based award into a digital recognition system with automated certificates and downloadable reports.
- ◆ **Technical Service Request App:** Logs and tracks technical requests while providing a knowledge base of documented resolutions for future self-support.
- ◆ **Supervisor Records System:** Modernized manual system into an automated app that tracks staff information, workspace, and org chart displaying job vacancies.
- ◆ **Document Review/Clearance Process:** Modernized QDOC with a real-time peer review platform that eliminates manual email routing.
- ◆ **DOD, Personal Performance Monitoring:** A dashboard to assess performance for promotions, compensations, and mission alignment decisions.
- ◆ **CMS, Financial Management System:** A cross-agency platform enabling real-time budget monitoring, fiscal accountability, and spending trend analysis.
- ◆ **EPA, Emission Compliance Intelligence:** An automated system to ingest, parse, and validate environmental data against regulatory thresholds, reducing audit time and manual oversight.
- ◆ **Law Firms, Legal AI DocuAnalyzer:** An LLM-powered system that scans, extracts, and analyzes legal content to accelerate intake workflows and ensure jurisdictional compliance.
